Experience

Digital Designer

Folket / Kompis • Feb 2024 - Present
Dustin • May 2022 - Dec 2023

Part of a cross-functional design and production team for a leading IT and electronics partner, delivering high-volume campaign and marketing design assets across digital platforms for multiple markets.

- Designed and produced **campaign banners, landing pages, and digital marketing assets** for weekly campaigns and product launches.
- Created and maintained web content through **CMS platforms** such as Umbraco and WordPress.
- Designed within existing **design systems and guidelines** and ensured **brand consistency** across digital campaigns, physical events and **print material**.
- Managed design requests and project tracking in **Atlassian/Jira**, ensuring timely delivery across multiple campaigns.
- **Collaborated** with marketing, development, and content teams to produce content for global and regional brands across multiple markets.

Web Designer

WebbEss • Sep 2021 - Feb 2022

Designed and developed custom websites and landing pages for a wide range of clients.

- Produced multiple **web pages** daily to support sales pitches and attract new clients.
- Designed and implemented responsive layouts directly using **HTML and CSS** within an in-house **custom CMS**.

Web Editor

Allmänna Arvsfonden • Jan 2021 - Jan 2023

Freelance web editor for the educational project "Pengar!".

- Managed, edited and uploaded website content in **WordPress**.

Graphic Design Intern

Raring Design • Apr 2019 - May 2019

Internship at an editorial advertising agency practicing traditional and digital design.

- Mentorship in client communication and **design production**.
- Assisted in **motion design** and video editing projects.
